SEPA Core Direct Debit Agreement

The Single Euro Payments Area (SEPA) stands for the European Union (EU) payments integration initiative. It allows financial transfers from/to countries that are members of the European currency union to be made without incurring the usual fees and commissions that banks charge for sending money to bank accounts abroad. At Udo Grebe Game Design, we offer our customers this convenient and cost-efficient form of payment if you fill in and return the attached form to us. Hereby I/we authorize Udo Grebe Game Design (UGG) to directly charge recurrent payments and withdraw them from my/our bank account automatically. In doing so, I/we instruct my/our bank to release the funds for withdrawal from my/our bank account to Udo Grebe Game Design (UGG). At the same time I/we instruct our bank to cash the direct debits drawn by UGG (Udo Grebe Gamedesign), on my /our bank account.

I am/we are aware of our right to demand the reimbursement of my/our payment(s) within eight weeks of the date of charge, in accordance with the conditions established by my/our financial institution for such circumstances.
